A young child with dark hair and a slight smile is holding a clear glass filled with white milk. The child's hands are visible, gripping the sides of the glass. The background is softly blurred, showing more of the child's face and a hint of a colorful garment.

GPTA Leite

Alta produção de leite é hereditária e acontece através de **seleção genética**

Maiores médias de produção de leite por fêmea podem impactar diretamente nos custos de produção, pois são **menos vacas para produzir o mesmo volume de leite**, reduzindo assim, despesas com manejo, nutrição e instalações
